

“Promoting compassion, empathy and respect for all life through wildlife rehabilitation, ecological teachings, and wildlife conservation.”

WILDLIFE CENTER
OF THE
NORTH COAST

Wildlife Center of the North Coast in Astoria, Oregon is seeking a passionate person who is excited to work with youth outdoors. The Camp Coordinator will help develop curriculum and consistency within the summer camp program.

Camp Dates: July 8-12, July 15-19, July 22-26; Part-time, temporary position. Approximately 60-75 hours.

Compensation: \$17+/hr DOE

Wildlife Center of the North Coast's summer day camp works with 1st-8th grade students in an outdoor setting, teaching a range of ecological and environmental concepts, leading hikes, and games, and exploring connections to the outdoors. The Camp Coordinator has flexibility and autonomy in curriculum and delivery.

Requirements:

- Interest in working with children.
- Ability to work and travel outdoors on foot.
- Ability to pass a background check.
- Experience as an educator preferred, but not required.

If you have a passion for nature, the excitement to inspire kids to become involved, and the ability to effectively manage groups of children, we would love to hear from you!

Accepting applications until May 1st or until filled. Applications will be considered in the order they are submitted.

About Wildlife Center of the North Coast: Wildlife Center of the North Coast (WCNC) is a 501(c)(3) non-profit wildlife rehabilitation and conservation education center located on the Oregon Coast. We provide professional, medical care to sick, injured, and orphaned native wildlife and specialize in seabird care. We also provide conservation education programs within our region that promote stewardship of habitats and living harmoniously with wildlife.

WCNC is committed to promoting compassion, empathy, and respect for all life through wildlife rehabilitation, ecological teachings, and wildlife conservation.

We provide:

- *Humane care and rehabilitation to sick, injured, orphaned, and displaced native wildlife with the goal of releasing healthy wild animals back into their appropriate habitat.*
- *Quality conservation education programs to coastal communities.*
- *Meaningful volunteer opportunities for young people and adults; and*
- *Long-term monitoring of wildlife and environmental health.*

Wildlife Center of the North Coast is an equal opportunity employer.
